

Patterns in Plants

Meet A Tree

Go to the interactive map of Camp Latgawa to watch a video example of this activity by clicking on the "Patterns in Plants" section, then "Meet A Tree".

Instructions:

1. Meet a tree in your yard, at a park, or at your school. Bring your notebook, a pencil and your magnifying lens.
2. Use your sense of touch, smell, sight and sound to explore the tree and really get to know it. Introduce yourself to the tree.
3. What do you notice? What do you wonder? What does it remind you of?
4. What season is it? How can you tell by looking at the tree? How would the tree look in other seasons?
5. Take a picture, draw a sketch, write notes, poems or ideas that you want to remember or share about the tree below:
